The Spirit Filled Old Covenant Survey

Today's newspaper was practically outdated when you picked it up off of your driveway this morning, but that is not the case with the ever-relevant, truth-filled, eternal, LIVING Word of God.

Come with us on a NON-religious - SUPER NATURAL journey, with the Holy Spirit as our guide, through the Old Covenant books. See the amazing SIGNS, WONDERS and MIRACLES that accompany God's Word become more a part of your own life. Fall deeper in love with the Father (YHVH) who chose to write down His love in human form so that we could handle it, read it, live by it, prepare for future events and our hearts be forever changed by it.

We will look at the foundational knowledge of geography, history and culture of the times from Creation through the rebuilding of Solomon's Temple from a HEBRAIC understanding. If you've ever struggled to understand the connection between the Old and New Covenants, this study will help clarify this and much more.

Instructor: Stephanie Schureman

New! **NO FEAR! Last Days Study**
*Preparing Our Lives for The Times – the revelation which God gave to
John the Beloved about Yeshua the Messiah – (Jesus the Christ)*

Instructor: Stephanie Schureman

For many believers the book of Revelation is a misunderstood book. Too difficult, too frightening, too much to take in, so it is avoided. God is preparing the earth to be led by Yeshua/Jesus. He will prepare us for this by the greatest shaking in history; and most will grow either cold in their hatred of God or HOT their love for Him.

Our goal in this class is:

1. To firmly ground ourselves in the knowledge of His love for us, and to grow deeper in our love for Him.
2. To understand God's word better so that as the deceiver grows in false power and popularity we do not fall into an anti-christ thought process.
3. Preparing ourselves and our churches for when the shaking begins and men's hearts are failing from fear of what is happening, we will be able to move in the strength and boldness of the Holy Spirit and live in supernatural provision, being fully prepared and living in the spiritual gifts, love and wisdom of God we've been given for such a time.

Prophetic Ministry Part I

(Endorsed by Graham Cooke)

(Required Course for Graduation for full time students)

Enlightens the student of the history, foundations and essentials of prophesying in the local body. You will learn the various ways in which God speaks to us, how and when to speak prophetically in team and corporate settings. Proper Biblical protocol is a must as prophecy is released into our corporate meetings. You will also learn about dreams and visions and how to interpret them from a Biblical perspective. Lecture, required reading and activation workshops.

Instructor: Rich Harris

A Prophetic Look at the Hebraic Foundations of the Church Part II

We take a comprehensive look at the **history of Israel, Islam, and behind the scenes of the current affairs** unfolding daily in our news broadcasts separating fact from fiction. We will find where many of these very issues were prophesied in scripture, who the players really are, and examine prophecies yet to come to see where we are on God's time clock. Understanding Israel's role to the Church and to the world and how vitally affected we all are by all that has to do with her is a wake up call that must be sounded.

In addition, we will study the **Feasts of the Lord**, the **Sabbath**, the history of Christian holiday traditions, what the Word says about food and nutrition and much more. Part I recommended but not required.

Instructor: Gail Harris

Principles in the Study of God's Word Part I

(Required Course for Graduation for Full Time Students)

This course provides the basics of how to study the Word of God opening a whole new world of revelation in the scriptures. We will look at the New Testament in relation to

the Old Testament and see biblical prophecy as it unfolds today. The student will learn how to work with the Holy Spirit in the use of word and theme studies with Concordances, Lexicons, and other study tools. Course studies to include the **Principles of the Doctrines of Christ (Heb. 6:1 & 2)** – finding more in-depth understanding of these Doctrines from the Hebraic mindset - beyond what is normally taught in the Church.

Weekly assignments are given so the student may search the scriptures and share what was learned in their research in each week's class. This class prepares the student for group presentation and also builds a strong foundation for teaching, if desired. Activation workshops emphasized. You'll never read the Word the same way again!
